Summary

This MEGApix® 8MP ultra-wide view single-sensor bullet IP camera is NDAA compliant and can deliver real-time 30fps crystal-clear video with a 2.3mm ultra-wide view lens for wide-area situational awareness at an exceptionally short focal length. The camera's unique lens provides edge-to-edge image clarity without pixel loss. The camera comes pre-loaded with IVA engine to detect and classify people and vehicles in real-time.

Additional features include Star-Light Plus[™] color in near-total darkness technology for quality video in any lighting condition, true WDR, Smart IR[™] LEDs and simultaneous H.265/H.264/MJPEG codec support. The IP67 vandal- and weather-resistant bullet housing can be used for both indoor and outdoor installations. It's unique focal length is suitable for narrow corridor installations, with clear images as close as 19.5-23.5 inches from the camera.
